The university posts professional degrees on the 1\textsuperscript{st} and 15\textsuperscript{th} of each month. All degree requirements must be met prior to the posting date.

The university posts graduate degrees to students' permanent records four times each year according to a predetermined schedule. All degree requirements, including milestones dependent on program, must be met prior to the posting date. The posting dates for graduate students are at the end of each regular term (fall, spring, summer, and at the end of the Summer 1 session). The regular terms and sessions for graduate students, with approximate posting dates shown in parentheses, are:

- Fall Term (December 16)
- Fall I and II Sessions (December 16)
- Spring Term (May 5)
- Spring I and II Sessions (May 5)
- Summer Term (September 1)
- Summer 12-week Session (July 28)
- Summer I Session (July 28)
- Summer II Session (September 1)

All doctoral degrees will be posted on the 1\textsuperscript{st} and 15\textsuperscript{th} of each month pending completion of all degree requirements, such as dissertation defense, presentation, submission, publishing approval, conference attendance, internship completion, etc.

Furthermore, for those master’s students who either choose or are required to complete a thesis, all requirements connected to said thesis and submission must be complete prior to degree posting.

For degrees completed on dates other than these, the posting will occur on the next scheduled posting date.

Once the degree is posted, the degree record is complete and final. It can be rescinded only in the case of substantiated error or fraud. A student may not add coursework to or remove coursework from the posted degree to improve grade-point average or to add concentrations or emphases, and may not request a degree title change.
