

Late Registration

Students who are unable to register for courses during the regular registration period may register by the last day to add courses as published in the Academic Calendars (<https://www.apu.edu/calendar/>). Late enrollment may be severely limited in course selection because many courses may be full. Also, a late-registration fee may be charged (see the undergraduate Cost and Aid (<https://www.apu.edu/undergraduate-admissions/cost/>) page on APU's website).
