Network Access (APUWIFI)

APU is proud to offer a campus-wide wireless network, APUWIFI. Because mobility is an important part of a student's learning experience, the wireless network allows students to connect to the internet from most locations on campus, including classrooms, APU living areas, and outdoor spaces. For more information about requirements and how to get on the network for the first time, visit the IMT Support Center website (https://support.apu.edu/entries/104069086).

Wired ethernet ports are also available in some common areas and the following dorms: Adams, Smith, Trinity, and Engstrom.
