

MS in Physical Education

For more information: (626) 815-5473

The Master of Science in Physical Education (<https://www.apu.edu/bas/programs/masters-in-physical-education/>) program equips candidates with the knowledge and skills needed to instruct physical education, administrate athletic programs, and coach at the K-12, junior college, and four-year university levels. This program develops candidates' awareness of the process involved in effecting change in the lives of people they serve. This is achieved through the mastery of professional skills and knowledge and the integration of teaching, coaching, and administrative techniques and strategies. **This program is offered in a fully online, asynchronous format.**

The Master of Science in Physical Education program with an emphasis in sport management (<https://www.apu.edu/bas/kinesiology/programs/sport-management-degrees/>) is for those seeking entry or advancement in the growing field of sport administration, including teaching and management roles. The emphasis focuses on a range of topics relevant to the industry, including athletic compliance and finance in sports, marketing and public relations, ethics and legal aspects in sports, and facility and event management. Additionally, students have the opportunity to gain comprehensive experience through internships in sport management settings. **This program and emphasis are offered in a fully online, asynchronous format.**

Mission Statement

The Master of Science in Physical Education program at Azusa Pacific University comprises a Christian community of scholarly believers who seek to advance the work of God in schools of all levels by effectively training physical educators, coaches, athletic administrators, and exercise science professionals in knowledge and skills through academic excellence and a Christian perspective of truth and life.
