## ELM-MSN: Adult-Gerontology or Pediatric Clinical Nurse Specialist (CNS)

The Master of Science in Nursing with Adult-Gerontology (https://www.apu.edu/nursing/programs/entry-level-masters-in-nursing/) or Pediatric Clinical Nurse Specialist (CNS) (https://www.apu.edu/nursing/programs/entry-level-masters-in-nursing/) program allows students to concentrate on one of these two clinical areas of content and practice. Nurses with advanced practice preparation may work in acute, primary, or long-term care settings. Students learn the process of developing and sustaining evidence-based practice in illness management, advancing the practice of other nurses and nursing personnel, and developing organizational or systems modifications to support and improve nursing practice. The traditional CNS roles of expert clinical practice, consultation, clinical leadership, research, and education are shaped toward producing desirable patient outcomes as the CNS works in several spheres of influence. Graduates are eligible to apply to the state of California for certification as clinical nurse specialists, and may apply for national certification through examination by the American Nurses Credentialing Center (ANCC).

Contact the School of Nursing (https://www.apu.edu/nursing/) for specific program availability and locations. Prelicensure coursework (http://catalog.apu.edu/academics/college-nursing-health-sciences/school-nursing/graduate-nursing-programs/entry-level-masters/elm-msn/) must be completed prior to beginning advanced practice nursing coursework.

- or -		
GNRS 598	Thesis	3
& GNRS 514	and Research Proposal Writing	
Total Units		48-50

Units in parentheses are classroom/clinical units.

## Admission

University graduate admission and program-specific requirements must be met before an application is complete (see Admission to the University (http://catalog.apu.edu/admissions/)). Program-specific application requirements are available online (https://www.apu.edu/graduateprofessional/apply/).

International students should contact Graduate and Professional Admissions (https://www.apu.edu/graduateprofessional/apply/) for application procedures.
