

Office of the Provost

The Office of the Provost guides the strategic academic vision of the university and oversees all academic matters, including hiring faculty, working with faculty to develop new programs and initiatives, and setting academic policy.

The Office of the Provost has administrative oversight of the Center for Vocational Ministry (<https://www.apu.edu/vocational-ministry/>), along with an academic program, the BA in Interdisciplinary Studies (<http://catalog.apu.edu/academics/office-provost/interdisciplinary-studies-ba/>).
