

Tutoring Center

Tutoring is available at no additional charge for numerous academic subjects. Specific subject areas change each semester based on student demand and the availability of qualified peer tutors.

The Tutoring Center offers drop-in availability for some subject areas during prescheduled times, and online and in-person appointments for one-on-one sessions as well as small-group tutoring.

Tutoring empowers students to become more confident, effective, and independent learners. To learn more, visit the Tutoring Center website (<https://sites.google.com/apu.edu/tutoring/welcome/>). You may also schedule a tutoring appointment online (<https://sites.google.com/apu.edu/tutoring/appointment-help/how-to-schedule-appointments/>) or contact us at tutoringcenter@apu.edu or (626) 815-6120.
